1. Login Page

The **Login Page** is the entry screen of the application **ShopFlow**. It allows users to securely access their account by entering their credentials.

Features

- **App Logo and Title:** Displays the application name *ShopFlow* with a welcoming message to create a friendly user experience.
- **Username Field:** Allows users to enter their registered username.
- **Password Field:** Used to enter the user's secure password.
- **Login Button:** Positioned below the input fields, enabling users to access the application after entering their credentials.

Navigation Type

This page uses **familiar navigation elements**, as login forms with username and password fields are commonly used in most applications and websites.

Purpose

The main purpose of this page is to authenticate users and allow them to access the application's features securely.

2. Home Page

The **Home Page** serves as the main dashboard of the ShopFlow application where users can explore products and view offers.

Features

- **Top Navigation Bar:** Contains a menu icon, application name, search icon, and shopping bag icon.
- **Rewards Progress Bar:** Displays the user's reward points progress (e.g., 750 / 1000 points), encouraging engagement through a gamification element.
- **Bottom Navigation Menu:** Includes three navigation options:
  - Home
  - Wishlist
  - Profile
- **Flash Sale Banner:** Highlights promotional offers such as discounts on selected items.
- **Trending Products Section:** Displays popular products with images and wishlist icons.

Navigation Type

This screen combines both **familiar and unfamiliar navigation elements**.

Familiar Elements

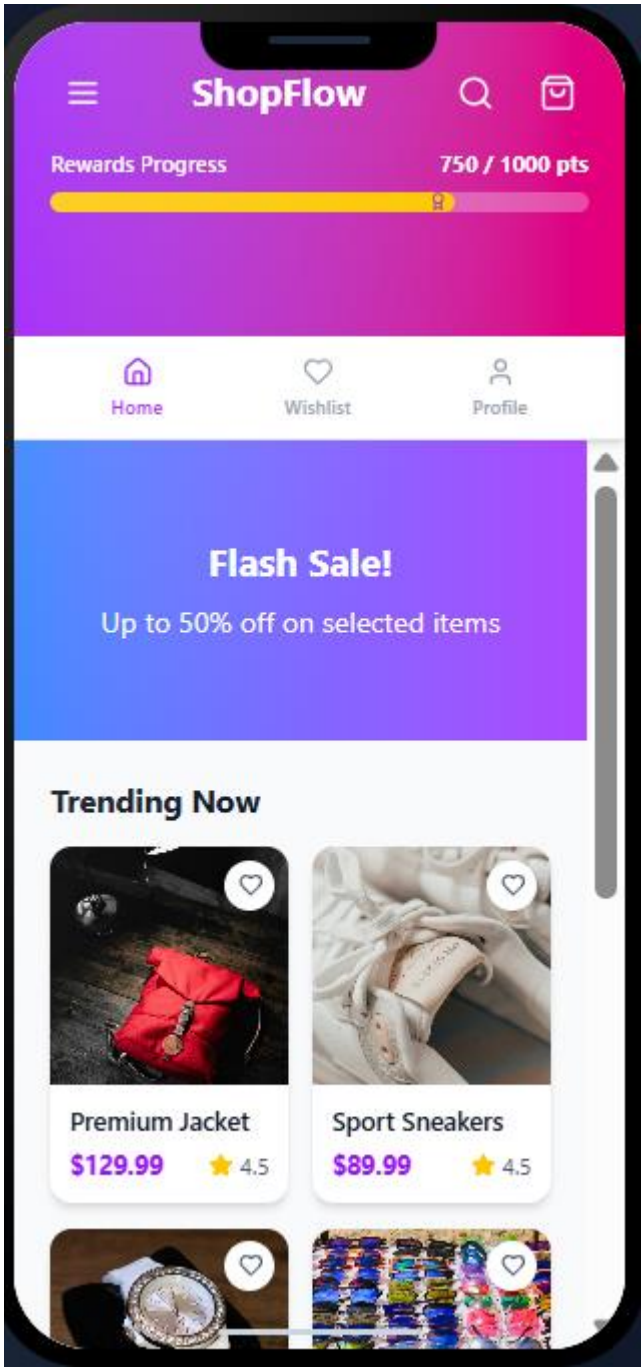
- Navigation bar
- Search icon
- Bottom tab navigation
- Product cards

Unfamiliar Elements

- Reward progress bar (gamification feature)
- Dynamic scrolling content

Purpose

The Home Page allows users to easily browse products, view offers, and navigate to other sections of the application.



3. Profile Page

The **Profile Page** provides users with access to their personal account information and account-related settings.

Features

- **Member Level Section:** Displays the user's membership level (Gold) and reward points progress.

- **User Profile Information:** Shows the user's name and registered email address.
- **Edit Profile Button:** Allows users to update their personal information.
- **Account Options Menu:** Includes several user account management options such as:
    - My Orders
    - Wishlist
    - Payment Methods
    - Notifications
- **Settings Icon:** Located at the top right for accessing additional account settings.

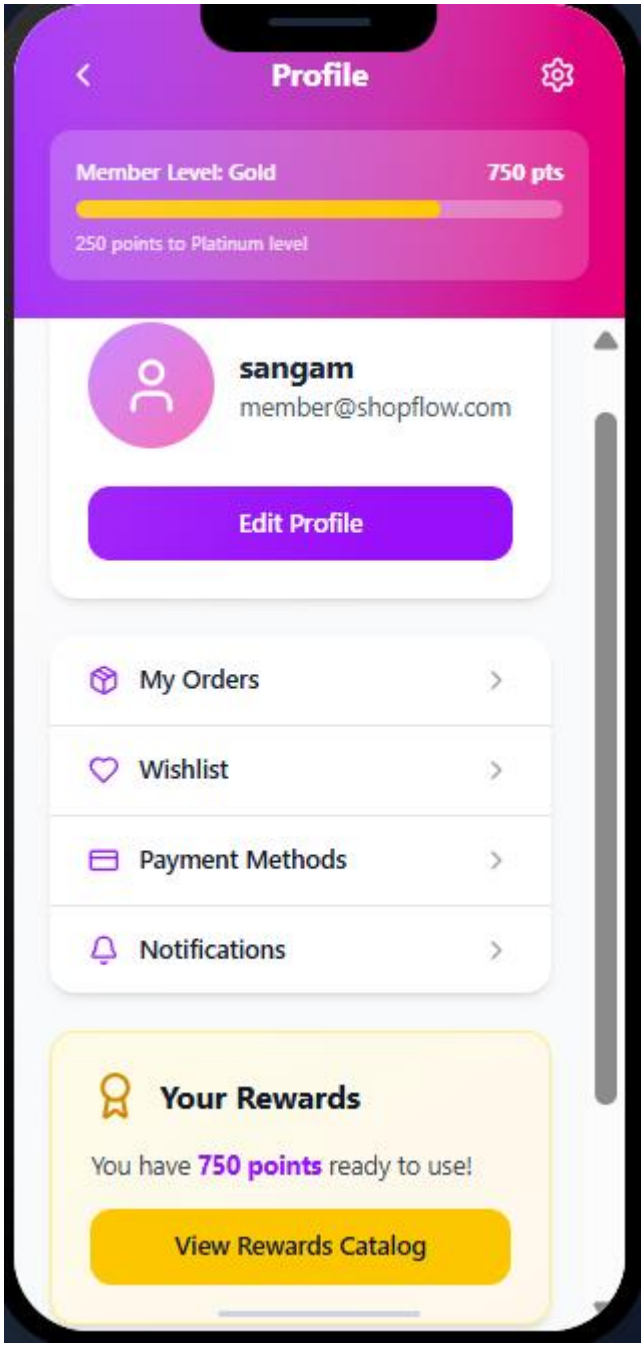
Navigation Type

Familiar Elements

- Profile information display
- Edit profile button
- List-style account options

Unfamiliar Elements

- Membership level progress bar
- Reward points visualization

Purpose


The Profile Page helps users manage their personal details, track their membership progress, and access account-related features.
